Dear Sir:

1. On January 23, 2004 and January 04, 2005, small entity assertions were filed in this application/patent in connection with the payment of the filing fee, surcharge and issue fee.
2. These assertions of small entity status in this application/patent and the payment of fee(s) as a small entity were made in good faith.
3. It has since been alleged by a third party that such status as a small entity was improper. The assignee has undertaken an investigation with respect to the proper entity status and maintains that this application/patent should be entitled to small entity status. However, in an abundance of caution, the assignee has decided to follow the entity status correction procedures of 37 C.F.R. § 1.28(c) and pay the deficiency as if the assignee was a large entity when such fees were paid.
